SEMINARS, SYMPOSIUMS, CONVENTIONS 11

California is alive with activity in parapsychology, metaphysics and other significant areas of human growth potential. Uni-Com Foundation directly supports this activity by serving as its information hub.

The major service which the Foundation now provides is UNI-COM GUIDE, a **monthly** calendar of spiritual and personal awareness activities scheduled throughout California. This popular publication allows "new age" organizations to announce in advance the dates and contents of their meetings to a large and interested audience of individuals and other organizations. The cost of publishing UNI-COM GUIDE is supported by paid advertising and by modest subscription fees of $3/year, or $5/two years.

In the process of gathering information for UNI-COM GUIDE, the Foundation becomes aware of leaders who are available for service in counseling, speaking, teaching, research, seminars and retreats. Frequently this awareness, discreetly coupled to organization needs for such talent, results in effective new relationships. Uni-Com Foundation does not solicit funds for this and other informal services but is supported by those who see the value of such work and voluntarily wish to become a sustaining part of it.

Uni-Com Foundation is a non-profit and non-denominational corporation which lovingly encourages the achievement of a loving society. Uni-Com also offers two additional services of a mail order book catalogue and a small monthly pamphlet of articles by Metaphysical teachers.

CASSETTE TAPES — UNI-COM FOUNDATION has initiated a high quality moderate cost tape cassette recording and duplication service operated by Ray Fuess. Tapes of existing lectures are available for $3.00 per tape. Recording service for lectures and seminars is also available. Current list of tapes is available from the Foundation.

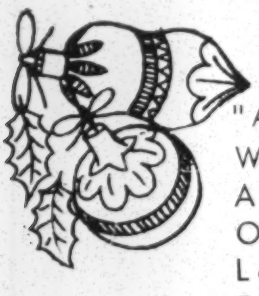
FROM THE DIRECTOR

The question has come up from some of our readers about teachers charging for counseling, classes, etc. Many are saying that some one who has been given a gift from God should not charge! I would ask is a gift from God allowing you to be a psychic reader any different than a gift from God allowing you to be an excellent school teacher or a excellent plumber or engineer? You pay the school teacher, the plumber or engineer without question, why should you hesitate to pay a counselor? But you say a plumber is not religious! An engineer is not guided by God! How do you know that they are not? True, we do not think of these people as being spiritual. But isn't it true that everything on this earth plane is guided by a higher force? Then why should we question the difference? When you go to a doctor, you pay for his treatment; why then give a healer nothing? I will admit that some people are charging much more than they should, but don't you find this in all fields. Each one is worthy of their hire. Stop and think about the next class that you attend. Who pays the rent, the printing of class material, the lights, etc.? To a teacher who has given up his life income to help you and others like you I feel that they should be allowed to pay the rent and live as comfortably as you do!

To those who are still complaining, I have a suggestion! Try donating some of your time to others! Service brings forth one of the greatest rewards on earth, but it must be given without an expectation that you are going to get something in return. To those who give without really expecting any remuneration will come some of the greatest gifts they will receive in this life!

Patricia



A CHRISTMAS SONG

"As yuletide comes to us this year,
With loyal love and joyous cheer,
A Christmas song we sing again --
Of peace on earth, good will to men.
Let all who know for what it stands,
Thrill to the clasp of friendly hands;
And feel true kinship with The Man,
Who gave His best, as others can,
To end the wanton waste of life,
In wars of greed and wicked strife --
By teaching men to find release,
From all that's wrong and live in peace."

During the holiday season let us set a new goal, one that we might retain throughout the year of 1973. For those who do not know the words to the song, "Let There Be Peace", I have copied them here. We ask that you join with the Uni-Com staff in thinking and acting upon there words.

"LET THERE BE PEACE ON EARTH" by Sy Miller and Jill Jackson

"LET THERE BE PEACE ON EARTH, AND LET IT BEGIN WITH ME;
LET THERE BE PEACE ON EARTH, THE PEACE THAT WAS MEANT TO BE.
WITH GOD AS OUR FATHER, BROTHERS ALL ARE WE.
LET ME WALK WITH MY BROTHER, IN PERFECT HARMONY.
LET PEACE BEGIN WITH ME, LET THIS BE THE MOMENT NOW.
WITH EVERY STEP I TAKE, LET THIS BE MY SOLEMN VOW:
TO TAKE EACH MOMENT AND LIVE EACH MOMENT IN PEACE ETERNALLY.
LET THERE BE EPACE ON EARTH, AND LET IT BEGIN WITH ME!"

They practiced a common system . . . and moved the known world!

The secret science of the masters has been re-discovered and offers you self-development far greater than thought possible centuries ago.

JESUS

Jesus of Nazareth probably the world's first nuclear scientist, practiced a secret system. Just what this secret science was has escaped the world's best thinkers for nearly 2,000 years Now it has been rediscovered in its entirety. That this secret science was known to other world teachers has now been proven.

BUDDHA

Guatama Buddha was a prince and lord of ancient India. Yet he wanted something better out of life. His search for the secrets of life is known to all those who have read of his fascinating quest. Today thousands of students apply techniques of meditation and believe they have found the all of Buddhism. This is not so.

VIRACOCHA

Viracocha of Peru walked the Americas teaching the lost arts of self realization. He assumed many different guises and was known under various names. He taught man how to develop his latent potential, how to regenerate himself and live to great ages. With the coming of the Spaniards the secrets of his teachings perished.

THE ART OF THE COSMOS

A School & A Technique

The Art of The Cosmos, is a beautiful experience of blending colors and images that touch a deep spiritual awakening within each student. Work is done with the hands, no brush or pallet, using techniques that have been developed over many years. When the hand comes in contact with color a very strange and wonderful feeling is in store for the student . . . Classes are usually conducted with a background of music. The student has the opportunity of learning self awareness, creativity and spiritual advancement through these techniques!
